

DOYLE SUPPORTERS ALONE TO BLAME FOR THE DEFEAT TUESDAY

They Were Fairly Treated But Neglected to Assert Their Full Strength—Could Have Made a Better Showing in the Third Ward—No Ill Feeling Exists and All Are United to Stop the Franchise Grabbers.

The opponents of Miles L. Jones are trying to make it appear that there was something wrong in the Third ward casting its solid vote for M. L. Jones at the convention Tuesday evening. It is stated that there were anywhere from 3 to 7 votes for Doyle in the Third ward and that a majority suppressed these votes, and that Doyle was defeated by a trick. It appears that the supporters of A. G. Fell and T. Sam Browning, are circulating the rumors, trying to create feeling among the friends of William Doyle.

There is nothing to the charge of unfairness, except that the votes Doyle had in the Third ward did not assert themselves, if there were any. William Glasmann, who voted for

Doyle, said: "I have investigated the Third ward rumors and I find that a motion was made that, as the Third ward was solid for Jones, the chairman of the delegation be instructed to cast the vote of the Third ward as a unit for M. L. Jones; that this motion was carried without a dissenting vote. Had there been one vote against this motion, a ballot would have resulted. If there were any Doyle men in the Third ward delegation, they should have asserted themselves."

The Standard is thoroughly well pleased with the nominations because both men are of the very highest type of clean citizens and they will give an excellent account of themselves if elected to office.

SEVENTH TEMPLE OF MORMON CHURCH DEDICATED

At Cardston, Alberta, Canada, last Sunday, September 19, the cornerstone of the Seventh temple of the Church of Jesus Christ of Latter Day Saints and the first beyond the boundaries of the United States, was laid. Apostle David O. McKay, representing the first presidency and the council of the twelve apostles officiated and offered the dedicatory prayer.

Apostle McKay returned home from Canada yesterday and went to Salt Lake this morning. In speaking of his trip across the Canadian border and its purpose before leaving for Salt Lake, he said:

"In spite of a heavy rain which fell Saturday night and most of Sunday morning, a crowd of between fifteen hundred and two thousand persons gathered around the southeast corner of the temple in Cardston, Sunday, to participate in the ceremonies, accompanying the laying of the cornerstone. Among them were the stake presidency, high council, stake authorities and bishops from the Taylor and Alberta stakes, also prominent government officials, including the Hon. W. P. Buchanan, member of the provincial parliament.

A special train from Raymond, Saturday evening, carried more than 250 people from the Taylor stake.

"The ceremonies, perfectly appropriate and most impressive, lasted about one hour and ten minutes, during which time the fifteen hundred people stood in rapt attention. Even the hail shower that forced itself on the program proved an interesting part, for instead of dispersing the crowd it served, as persecution always does, only as a means of huddling them more closely together.

"All preparations had been carefully made by the workers under the supervision of William Baxter of Salt Lake City, Superintendent of construction, and Bishop James P. Brown, chairman of the temple committee.

"On the platform surrounding the cornerstone were assembled all the church and government officials and the Alberta stake choir. Above them floated the Union Jack, under whose folds was laid the corner stone of the first temple to be erected in this age outside the boundaries of the United States.

The opening song, "How Firm a Foundation," by the choir, was followed by the invocatory prayer by Patri-

arch Hinman. "Come, Come, Ye Saints," was then sung by the entire assembly, after which Bishop Brown gave a brief history of the construction to date. John F. Parrish, secretary of the temple committee, then presented the financial statement.

"When he reached the expenditure of one hundred thousand dollars, the hall made him stop. The cost to date is about \$125,000.

"President Heber S. Allen, representing the Taylor stake, then delivered a brief but appropriate address. President Edward J. Wood, of Alberta stake, then enumerated the articles that had been placed in the hermetically sealed metallic box to be deposited under the stone.

"These are as follows: Photograph of the Prophet Joseph Smith with a lock of his hair given by Sarah Ann Woolsey. Photograph of the first presidency of the church. Photographs of Taylor and Alberta stakes presidency, stake patriarchs, prayer circles from Cardston, Mr. View, Leavitt and Hill Spring, temple committee, bishops of the Alberta stake, Alberta stake chorister and organist, Returned Missionary League presidency, auxiliary boards, Relief society, Y. M. and Y. L. M. I. A., primary and religious class, with brief sketches of their respective history. Photographs of President Joseph F. Smith and wife Mary and two sons and daughter; Apostle George Albert Smith, President Bishop C. W. Nibley and wife Ellen, taken at the dedication of the temple site, Cardston, August 18, 1913. Photographs of officers: Major H. B. Brown, Capt. W. G. Ainscough and Lieutenants B. H. May, C. G. Brown, H. S. Taylor and Page with Colonel Crookshanks. Officer commanding military district No. 13. Photographs of Stanley C. Phipps. Photographs of President O. C. Card and wife, "Aunt Zina" Card, with history of Cardston and also the little book, "Picturesque Cardston." Standard works of the church. Compendium. House of the Lord. Articles of Faith. L. D. S. Hymn book, latest edition. Cardston Record—the first paper printed in Cardston, issued August 6, 1898, given by Brother and Sister C. E. Snow. Cardston Globe, including "write-up" of the Cardston temple, August 9, 1915. Various Canadian coins. Chain, made and presented by N. C. McGregor, Lonsdale, Tenn.

"The box was deposited by the two presidents of stakes, and as the massive derrick was being lowered to raise the granite block that would cover the box and its contents for ages to come, the entire assembly with white handkerchiefs waving, followed President E. J. Wood in acclamations of praise and blessings as follows:

"God bless the temple!
God bless the church!
God bless the priesthood!
God bless all people!
God bless Canada!
God bless the British empire!"

"And all joined in the national anthem, "God Save the King."

The cornerstone was raised in mid-air as the last verse of the British national anthem was being sung and as the last patriotic echo died away, the huge block, under the immediate supervision of Bishop John Anderson, a Master Mason, was lowered and Apostle McKay, with a silver trowel made expressly for the purpose, leveled the mortar. He then took his place on the stone and offered the dedicatory prayer.

As soon as the audience had repeated the "Amen," three little girls stepped up to Apostle McKay and one, handing him a silk United States flag, said: "Here are greetings and good will from Canada to the United States." The second presenting the Canadian flag, said: "Here is the appreciation of the Dominion for the temple of our God"; and the third, presenting the Union Jack, said: "And here are best wishes from the mother country." In acknowledgment, Apostle McKay held the three flags aloft, with the Union Jack raised between the other two, and repeated amid the applause of the people, "And a little child shall lead them."

Continuing his conversation, Apostle McKay said:

"After singing by the choir, 'We Want to See the Temple,' and 'We Thank Thee, O God, for a Prophet,' benediction was pronounced by Patriarch John L. Gebb of the Taylor stake.

"The temple proper is 112 feet square, but including the retaining wall is 163 feet square. Its height is 92 feet. Seventy-two cars of cement and 5000 yards of gravel have already been used in the foundation. One hundred and eight cars of granite have already been laid. The granite is shipped from British Columbia, and furnished by the Kootenai Granite and Monumental company. The Hon. Mr. Buchanan stated in his address at the services in the afternoon following the morning ceremony that "when completed this temple will be the most beautiful house erected for the worship of God in the western country."

"It was truly a delight, this trip, to ride through the miles and miles of grain fields in southern Alberta. The thousands and thousands of acres of shocked wheat evidence a banner

harvest. Farmers are reporting yields from 30 to 60 bushels of wheat per acre and from 102 to 115 bushels of oats per acre. Of course to be absolutely fair to Canada, I must say that some have lost heavily from hail storm and a heavy frost that gripped them about ten days ago. President Allen, for example, said that the hail had injured part of his crop with the result that he will harvest only fifteen or twenty thousand bushels. Mr. Raymond Knight also was deploring a loss by hail of about 3000 acres; which will result in his harvesting this year only 150,000 bushels! To handle this "partial" crop, he has ordered two car loads of binding twine, two car loads of binders, and estimates that it will take a train of box cars 25 miles long to move the grain from his fields."

MONEY IN WINDOWS OF THE BUSINESS HOUSES

One of the most interesting games to be played in Ogden during the Fashion Show celebration tomorrow afternoon will be that of finding or searching for money in the windows of a large number of local stores. This will be in accordance with plans made by the window display committee of the big show, and accepted by the merchants and the "how" of it is as follows:

"The merchants are to place a few greenbacks and some silver money in the window, scattering it about in the exhibit of his wares. The passerby is to scrutinize the display and if his eye catches sight of a piece of the money he or she must make the discovery known to the proprietor of the store, by saying: 'I've got it!' This will be answered by: 'Where did you get it?' and then the finder must describe the exact spot where the coin was seen and if the description is accurate enough to guide the merchant to the "spotted" coin, the passerby gets it.

Among the merchants who will play their part in the game are the following: Boyle Furniture company, W. H. Wright & Sons company, Gray Millinery company, National Outfitting company, The Leader, Inc., Golden Eagle, George H. Tribe & Co., N. L. Spurgeon Millinery company, Bramwell Book & Stationery Co., L. BILLY OF THE BIG HAT COMING BACK

With a splendidly balanced company, Billy "Single" Clifford, supported by that clever prima donna, Ida May, will be seen in the merriest musical satire, "Walk This Way," Sunday, Sept. 26, at the Orpheum theatre.

The success of this clever play the past season from coast to coast was little short of phenomenal. This season it will be seen to much better advantage, the company being improved by the addition of Miss Ida May, and a very clever little singing and dancing soubrette, Miss Mae Collins, who was a feature the past season in "The Pink Lady" and at the Follies Bergere in New York. The Three Weston Sisters will be up to the Clifford standing, which means much, and Billy will have the biggest and brightest selection of songs he has ever had in his long career.

"Walk This Way" is a success with a capital "S" as Billy Clifford's brand of comedy and dancing is delightfully pleasing.—(Advertisement).

MISS ALVORD HOME. Miss Luella Alvord returned yesterday from California, where she has been visiting friends for the past two months. Miss Alvord is a member of the Ogden Tabernacle choir and was with that organization on its tour of California in July.

BOWMAN-KOHLER. At the home of Mr. and Mrs. Bowman, 428 Twenty-sixth street yesterday afternoon at 4 o'clock occurred the marriage of her sister, Miss Edith Bowman and Ernest Kohler,

Reverend J. E. Carver performing the ceremony. The home was very prettily decorated with autumn leaves and flowers. Miss Bowman wore an attractive gown of white crepe de chine with shadow lace trimming and carried a bouquet of white brides' roses. She was attended by her sister, Miss Phyllis Bowman. J. H. Bowman accompanied the groom. Following the wedding ceremony, Mrs. Bowman served a perfectly prepared wedding supper to which a number of guests were invited. Several friends from Salt Lake

were present. After October 1 Mr. and Mrs. Kohler will be at their new home, 634 Twenty-second street.

FROM COLORADO. Miss Margaret T. Sherman of Colorado Springs is in Ogden visiting friends.

TRANSPORTING AMMUNITION FOR TURK FIGHTERS IN GALLIPOLI

Camel caravan taking rifles and ammunition to Turk trenches.

This is a typical scene in Turkey. Camels are still used for packing purposes as they were in the days when Mohammed was young, although now the most modern of wars is being fought. The Turks are using camel caravans extensively for the transport of war material to the trenches in Gallipoli and other parts of the Ottoman empire.
